

CANNINGVALE CRITERIUM - 6 NOVEMBER 2011

The first criterium for the Summer season saw both A and B Grade contested in perfect weather around the Canningvale Circuit.

For the first time in the club's history, the "photo finish camera" had to be employed to determine the eventual winner for the B Grade race - with nothing separating the first two riders. Following careful review, judges ruled a tie for first place between C Baker and M Jackson.

The A Grade race saw Trent Derecout and Nathan Lyons establish an early break from the main peloton, which they successfully held on to; with 200m clear to third place. It appeared a fait accompli with Trent eventually taking the honours in what seemed a pre-determined agreement between the two riders.
